

This a 2025 NCAA Men's Division 1 College Basketball so-called "March Madness" Pool.

Beginning with the "First Four" play-in games March 18 & 19 in Dayton, Ohio, (which games results don't count in this pool), the final field of 64 teams begin First Round play March 20 in single elimination games at 13 various venues around the country, culminating in the NCAA Men's National Championship game at the Alamodome in San Antonio, Texas, April 7, 2025.

The Pool Board, when filled out with participant names, will have 100 squares, with 10 numbers from 0-9 randomly shown along the vertical axis for the losing team final score and across the horizontal axis for the winning team final score. Each square costs \$35, with a chance to win 62 times. The 1st round of 32 games pays \$30 per game. The 2nd round of 16 games pays \$40 per game. The "Sweet 16" round of 8 games pays \$50 per game. The "Elite 8" round of 4 games pays \$60 per game. The "Final Four" round of 2 games pays \$65 per game with the National Championship game, between the 2 remaining teams, pays \$130.

Winners by each game are last digit of winning score vs last digit of losing score.

Total winners payout is \$2,500 with a cool \$1,000 donated to the Tacoma-Pierce Athletic Association for the Youth Sports Fund - Removing Barriers to Athletic Success.

Please call, text or email me to commit to your purchase of a square or multiple squares so I can keep track of participants as I will sell out. Please DO NOT just send payment without contacting me first. Payment must be received before play begins. No Pay, No Play

Checks payable only to Rob Tillotson.
